Building Bridges to the United Kingdom

C2C Asia agrees on partnership with World Business Fair

Dear Sir, Dear Madam,

This is to inform you that C2C Asia (www.c2c-asia.com), a private incorporated firm in Beijing has agreed on a corporate partnership with The World Business Fair. (www.worldbusinessfair.com).

Partnership working is a key component of C2C's modernization agenda, particularly in the marketing field. However, the principles of achieving successful partnership are generally applicable and we would like to set-up a partnership (reevaluate our existing partnership) to simply build up a strong connection between Asia and the United Kingdom that will link people across the world.

Channel 2 China Beijing RSC Ltd. (C2C) is acting as a consulting firm that introduced seller to buyer and is committed to facilitating international marketing services and providing businesses with access to Asian markets, while the **The World Business Fair** was created by its Founder & CEO Michael Sloyan to provide businesses worldwide with an affordable platform to promote their services and products to international markets.

Our business will continue to provide high quality service on which we have built our reputation and this internal change will have a positive effect in our company of conducting business.

I would like to take this opportunity to thank you for the courtesies you have shown us in the past, and hope that you will let us continue to serve your business in a way that is mutually beneficial and profitable to us both.

Yours very truly,

Alexander Agostini, M.B.E.
C2C Asia Chief Executive Officer
The World Business Fair National Director China
